

Appl. No.: 10/797,810
TC/A.U.: 3711 Docket No.: B04-08
Reply to Office Action of March 23, 2005

REMARKS

In the specification, the paragraph on page 1 for **CROSS REFERENCE TO RELATED APPLICATIONS** has been amended to correct minor editorial problems and/or typographical errors. The reference to application 09/815,753 has been deleted as it was issued as a patent prior to the filing of the present application.

Claims 1-27 appear in this application for the Examiner's review and consideration.

Rejection Under Obviousness-type Double Patenting

Claims 1-27 were provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-30 of co-pending Application No. 10/797,810.

A terminal disclaimer in compliance with 37 CFR 1.321(c) is filed herewith and included in the appendix of this response. It is believed this terminal disclaimer will overcome this provisional rejection.

Applicants respectfully request reconsideration and withdrawal thereof.

Conclusion

Based on the remarks set forth above, Applicants believe that all of the rejections have been overcome and the claims of the subject application are in condition for allowance. Should the Examiner have any further concerns or believe that a discussion with the Applicants' agent would further the prosecution of this application, the Examiner is encouraged to call the agent at the number below.

No fee, except for the Terminal Disclaimer fee, is believed to be due for this submission. However, should any required fees be due, please charge them to Acushnet Company Deposit Account No. 502309.

Respectfully submitted,
